COURSE ATTRIBUTES A-Z

Course attributes are approved through rigorous curricular governance, and offer flexibility, adaptability, and clarity within our academic programs.

Key Features:

1. Curricular Governance Approval: Each attribute undergoes scrutiny and approval, ensuring alignment with academic standards.

2. Addition and Removal: Attributes can be added or removed, catering to evolving educational needs.

3. Simplified Program Structures: Attributes replace long course lists, offering clarity and efficiency in navigating program requirements.
