CITY & REGIONAL PLANNING, MCP: SUSTAINABLE TRANSPORTATION & INFRASTRUCTURE

The Master of City Planning core curriculum encompasses the basic skills and knowledge required of all planners regardless of their specialization, and is a hallmark of our cutting-edge and practical approach to educating city planners. Students who complete the core will understand the legal and historical basis of city planning; they will know how to use a wide variety of population and economic data to understand local communities; and they will understand the form and arrangement of cities and metropolitan areas around the world. Most important, they will understand which planning approaches work best in which contexts and circumstances.

This concentration explores the roles of transportation and other capital infrastructure systems in shaping urban and metropolitan development patterns in the U.S. and around the world. It focuses foremost on urban highway, public transit, and non-motorized transportation systems and their connections to sustainable, livable and economically-productive development forms; and secondly on water, energy, and communications infrastructure. It covers initial planning and development topics (such as right-of-way and system planning issues), linkages to urban and economic development issues (such as those surrounding high-speed rail), and ongoing finance and management topics such as pricing, equity of access, and value creation. Students who complete the Sustainable Transportation & Infrastructure Planning concentration work for local and municipal governments, for state highway departments and metropolitan transit operators, for transportation and infrastructure planning consultants, for system developers and utilities, and for policy and planning organizations advocating more sustainable transportation and development choices.

Curriculum

A total of 18 course units are required for graduation. 15 course units must be in City Planning (CPLN) courses.

Code	Title	Course Units		
City & Regional Planning Requirements				
Core Requirements				
CPLN 5000	Introduction to City Planning: History, Theory and Practice	1		
CPLN 5010	Quantitative Planning Analysis Methods	1		
CPLN 5020	Urban Economics and Public Finance	1		
or CPLN 5090	Law of Planning and Urban Development			
CPLN 6000	Studio I	2		
CPLN 7010	Planning Studio (or other CPLN 70x0 Studio)	2		
Spatial Analysis Requirement				
CPLN 5030	Modeling Geographical Objects	1		
Electives				

Select 3 CPLN Electives (CPLN courses or with FMCP attribute) (http://catalog.upenn.edu/attributes/fmcp/)		
Select 3 General Electives (must be 5000-level or higher)		
Sustainable Tran	sportation & Infrastructure Requirements	
Required courses		
CPLN 5050	Planning by Numbers	1
CPLN 5500	Introduction to Transportation Planning	1
CPLN 6500	Transportation Planning Methods	1
Concentration Ele	ectives	
Select one of the following:		1
CPLN 6540	The Practice of Trans.Plng:Crafting Policies & Bldg. Infrastructure	
CPLN 6550	Multimodal Transport	
CPLN 7500	Advanced Transportation Seminar	
Other STIP-rel	ated course with permission of advisor	
Total Course Uni	ts	18

.. .

Internship Requirement

Because a planning education extends beyond the classroom, all MCP students are required to complete a planning internship, usually between their first and second years. Internships may be paid or unpaid, for at least six weeks. Internships can be completed at any government agency or commission, private consulting firm, or non-profit or advocacy organization involved in planning practice, or research.

Plan of Study

Standard Course of Study

First Year		
Fall		Course Units
CPLN 5000	Introduction to City Planning: History, Theory and Practice	1
CPLN 5010	Quantitative Planning Analysis Methods	1
CPLN 5030	Modeling Geographical Objects	1
CPLN 5500	Introduction to Transportati Planning	1
Spring	Course Units	4.00
CPLN 6000	Studio I	2
Concentration Requirement ¹		- 1
Choose 2 Electives ^{1, 2}		2
	Course Units	5.00

Second Year

Fall

	Total Course Units	18.00
	Course Units	4.00
Choose 2 Electives ^{1, 2}		2
Concentration Requirement ¹		1
	at 5000- level or higher) ³	
	(or Elective	
	and Urban Development	
	Planning	
Spring CPLN 5090	Law of	1
	Course Units	5.00
Choose 1 Elective ^{1, 2}		1
Concentration Requirement ¹		1
	Economics and Public Finance (or Elective at 5000-level or higher) ³	I
CPLN 5020	other 70x0 Planning Studio) Urban	1
CPLN 7010	Planning Studio (or	2

- ¹ The scheduling of concentration courses and general electives is flexible and can be taken in the order that best works for the student. Note that some requirements are only offered in Fall or Spring and registration should be planned accordingly.
- ² Electives must be 5000-level or higher. Undergraduate courses do not count towards CPLN degree requirements. Only 3 non-CPLN courses may be counted towards the degree; students must have 15 CUs under the CPLN subject heading.
- ³ Students must take either CPLN 5020 (only offered in the Fall) or CPLN 5090 (only offered in the Spring). In the term when not registered for this requirement, register for a general elective.

The degree and major requirements displayed are intended as a guide for students entering in the Fall of 2025 and later. Students should consult with their academic program regarding final certifications and requirements for graduation.
