

LAND PRESERVATION, CERTIFICATE

This Certificate is aimed at two types of students: working practitioners needing basic training in land preservation or updating current practices, and graduate students in Penn's schools interested in adding knowledge about land preservation practices to their professional qualifications. These include students in the Weitzman School of Design, the School of Arts and Sciences (especially in Environmental Studies), Fels, the Law School, and The Wharton School.

For more information: <https://www.design.upenn.edu/all-degrees-certificates/land-preservation-certificate> (<https://www.design.upenn.edu/all-degrees-certificates/land-preservation-certificate/>)

Curriculum

A total of 5 course units are required to complete the Certificate program.

Weitzman School of Design students may complete this Certificate within the time-span of their chosen degrees in the same manner as other School-wide certificates. All others complete the five course unit program.

Code	Title	Course Units
Required Courses ¹		
<i>Foundation Courses</i>		
CPLN 5090	Law of Planning and Urban Development	1
CPLN 6310	Planning for Land Conservation	1
<i>Methods Courses</i>		
CPLN 5030 or CPLN 6320	Modeling Geographical Objects Modeling Geographic Space	1
CPLN 9990	Independent Study and Research	1
<i>Tools Course</i>		
Select one of the following:		1
ENVS 5404	Wetlands	
ENVS 5414	Conservation and Land Management	
LARP 7600	Topics in Ecological Design	
Total Course Units		5

¹ Substitutions must be approved in writing by the Director and submitted to the Weitzman School of Design Office of Student Services.

The degree and major requirements displayed are intended as a guide for students entering in the Fall of 2024 and later. Students should consult with their academic program regarding final certifications and requirements for graduation.
