PROFESSIONAL COUNSELING, MPHILED

The M.Phil.Ed. prepares students to become Certified School Counselors and/or Licensed Professional Counselors (LPCs). The M.Phil.Ed. in Professional Counseling program emphasizes supervised counseling and clinical skills development for addressing the emotional and behavioral health challenges facing individuals and groups in a wide range of settings, including schools, neighborhoods, and larger communities. This program involves two years of advanced study in the mastery of professional counseling, clinical assessment, and consultation services. Graduates of the program can either launch their careers as licensed professional counselors after completing post-graduate requirements or go on to pursue doctoral studies.

School Counseling Certification Track Requirement students must take EDUC 5553 Foundations of Education for Diverse Learners as 1 of the 2 electives.

Required Milestones

Comprehensive Examination (or Portfolio or Thesis)

Master's degree candidates must demonstrate thorough knowledge of the field of specialization by passing a comprehensive examination in their area of study. The examination/portfolio/thesis serves an educational and evaluative purpose through which students are expected to review and integrate what they have learned in their coursework and fieldwork. Comprehensive formats vary.

The degree and major requirements displayed are intended as a guide for students entering in the Fall of 2025 and later. Students should consult with their academic program regarding final certifications and requirements for graduation.
