

CAREER SERVICES

Career Services helps students define their career goals and learn how to achieve them. The office helps students and alumni obtain post-graduate and internship positions as well as graduate and professional school admission through advising sessions, workshops, alumni networks, and a variety of online resources. Career Services also establishes and promotes contact between Penn students and employers and graduate/professional schools through career fairs, information sessions, interviewing schedules, and our robust Handshake platform where thousands of job and internship positions are posted each year.
