

PETITIONS

Students who believe a special circumstance might warrant an exemption from a school policy and/or requirement may submit a petition. Petitions are subject to review by a school-based committee. Students should first consult with their academic advisor.

For petitions regarding course registration deadlines, see the Guidelines for Student Petitions Regarding Course Registration Deadlines (<http://catalog.upenn.edu/pennbook/student-petitions/>).

Policies and procedures regarding petitions vary by school.

School specific policies:
