

EAST ASIAN LANGUAGES AND CIVILIZATIONS: CHINESE, BA

The undergraduate program in EALC offers language training and courses in the culture, history, literature, and archaeology of East Asia. The graduate program in EALC deals with two major areas, China and Japan (a graduate program in Korean is planned for the future), and all of its programs focus mainly upon language, philology, and the study of civilization and culture. Each provides training for the Ph.D. and A.M. degrees.

The minimum total course units (<https://www.college.upenn.edu/credits-needed-major>) for graduation in this major is 34. Double majors may entail more course units.
