

GENDER, SEXUALITY, & WOMEN'S STUDIES: LGBTQ STUDIES, BA

LGBTQ Studies is a growing field that includes courses offered in Departments and Schools across the University. Students may even wish to do a sub-concentration within this field, for example in the areas of queer cinema studies, queer literature, or queer design. There are also a growing number of courses offered which aim to cultivate LGBTQ literacy in the education and medical fields. The Program is also in the early stages of developing more courses in the field of Trans Studies, and courses taken in this field would count toward this concentration.

The minimum total course units (<https://www.college.upenn.edu/credits-needed-major/>) for graduation in this major is 33. Double majors may entail more course units.
