

NURSING, BSN

Penn Nursing combines the resources and opportunities of a large university with the intimacy and personal attention of a small college. Our traditional four-year BSN is a direct-entry program for graduating high school seniors.

At Penn Nursing, you will learn from a passionate faculty (<http://www.nursing.upenn.edu/about/our-faculty/>) whose accomplishments are recognized worldwide. You will benefit from the academic opportunities (<http://www.nursing.upenn.edu/academics/bachelor-of-science-in-nursing-bsn/>) of an Ivy League university while enjoying a fun and fulfilling campus life (<http://www.nursing.upenn.edu/about/our-students/student-life/>). You will gain clinical experience (<http://www.nursing.upenn.edu/practice/practice-partners/>) in some of the nation's top hospitals, located just steps from your classrooms. And you will have the chance to participate in faculty-driven research (<http://www.nursing.upenn.edu/research/>), supported by state-of-the-art technology (<http://www.nursing.upenn.edu/academics/a-penn-nursing-education/learning-through-simulation/>). Penn Nursing graduates are the leaders shaping the future of health care practice, policy, research, and education.

The nursing program integrates science, nursing, and liberal arts education to prepare future nurses with skills necessary for caring for diverse, complex patients, families and communities. Students are encouraged to take advantage of the many educational opportunities at Penn that intersect with the four undergraduate schools. For traditional students, clinicals begin in the spring of your sophomore year, and students have experiences in primary care, acute care, women's health, and mental health settings working with patients from newborns to older adults.

Nursing, BSN Requirements

Code	Title	Course Units
Non-Nursing Major Requirements		
<i>Writing Requirement</i>		
	Select a Writing Intensive Course	1
<i>Language Requirement</i>		
	Satisfy by exemption or if language proficiency completed in fewer than 2 semesters, use remaining course units as free electives	2
Distribution by Sectors		
	The Planet & Our Climate	1
	Societies, Histories, and Traditions	1
	Global Arts, Letters, & Cultures	1
	Diversity, Universality, Justice, & Equity	1
	Exploration Course Requirement - a course in any School within the University other than the School of Nursing, at any level for which the student is eligible and in any discipline	1
Nursing Major Courses		
<i>Nursing Foundational Courses</i>		
NURS 1010	The Nature of Nursing Practice	0.5
NURS 1020	Situating the Practice of Nursing	0.5

NURS 1030	Psychological and Social Diversity in Health and Wellness	1
-----------	---	---

Nursing Clinical Courses

NURS 2150	Nursing of Women and Infants	1.5
NURS 2250	Pediatric Nursing	1.5
NURS 2350	Psychiatric, Behavioral, and Mental Health Nursing	1.5
NURS 2450	Nursing of Young and Middle Aged Adults	1.5
NURS 2550	Nursing of Older Adults	1.5
NURS 3820	Public Health Nursing Care in Communities	1.5
NURS 3900	Leadership in the Complex Healthcare System	3

Science Requirements

NURS 0061	Biologically-Based Chemistry	0.5
NURS 0065	Fundamentals of Nutrition	1
NURS 0068	Integrated Cell Biology and Microbiology with Recitation	1
NURS 1630	Integrated Anatomy, Physiology, and Physical Assessment I	2
NURS 1640	Integrated Human Anatomy, Physiology & Physical Assessment II	2
NURS 1650	Integrated Pathophysiology, Pharmacology, and Therapeutics	2

Non-Clinical Courses

Health Policy Requirement

NURS 3340	Public Policy and the Nation's Health	1
or NURS 4000	Advances In Health Systems Research And Analysis	
or NURS 5400	Current Issues In Health and Social Policy	
NURS 2300	Statistics for Research and Measurement	1
NURS 5470	Scientific Inquiry for Evidence-based Practice	1

Ethics Requirement

NURS 3300	Theoretical Foundations of Health Care Ethics	1
or PHIL 1342	Bioethics	
or NURS 5250	Ethical Aspects of Health and Technology	
or BIOE 4010	Introduction to Bioethics	
or BIOE 4020	Conceptual Foundations of Bioethics	
	Nursing Case Study Select from among NURS 3510-NURS 3690.	1
NURS 3890	Research/Inquiry-Based Service Residency	0.5

Total Course Units **36**

The degree and major requirements displayed are intended as a guide for students entering in the Fall of 2024 and later. Students should consult with their academic program regarding final certifications and requirements for graduation.

The following sample Plan of Study is just one possibility for undergraduate study. This plan may not be compatible with several academic options you might choose (e.g., study abroad, submatriculation, dual degree, etc.). If you are interested in pursuing any

of the special academic options available to you during the course of your undergraduate experience and want to know how this will alter your plan of study, please contact your faculty advisor and/or the Office of Student Services at 215-898-6687 or advisor@nursing.upenn.edu. Please note that all plans of study are subject to curricular change.

First Year		
Fall		
		Course Units
NURS 0061	Biologically-Based Chemistry	0.5
NURS 0068	Integrated Cell Biology and Microbiology with Recitation	1
NURS 1010	The Nature of Nursing Practice	0.5
Critical Writing Requirement		1
Language Requirement (or free elective if level II proficiency met)		1
		Course Units 4.00
Spring		
NURS 0065	Fundamentals of Nutrition	1
NURS 1630	Integrated Anatomy, Physiology, and Physical Assessment I	2
NURS 1020	Situating the Practice of Nursing	0.5
Sector Requirement (e.g. The Planet & Our Climate) ¹		1
Language Requirement (or free elective if level II proficiency met) ²		1
		Course Units 5.50
Second Year		
Fall		
NURS 1640	Integrated Human Anatomy, Physiology & Physical Assessment II	2
NURS 1030	Psychologic and Social Diversity in Health and Wellness	1
Sector Requirement (e.g. Societies, Histories, & Traditions)		1
		Course Units 4.00
Spring		
NURS 1650	Integrated Pathophysiology, Pharmacology, and Therapeutics	2
NURS 2150	Nursing of Women and Infants	1.5

Sector Requirement (e.g. Global Arts, Letters, & Cultures)		
	Course Units	
		4.50
Third Year		
Fall		
NURS 2450 & NURS 2550	Nursing of Young and Middle Aged Adults and Nursing of Older Adults	3
Select one of the following:		1
NURS 3340	Public Policy and the Nation's Health (or approved Health Policy course) ³	
NURS 3300	Theoretical Foundations of Health Care Ethics (or approved Health Care Ethics course) ⁴	
NURS 2300	Statistics for Research and Measurement	1
		Course Units 5.00
Spring		
NURS 2350 & NURS 2250	Psychiatric, Behavioral, and Mental Health Nursing and Pediatric Nursing	3
Select one of the following:		1
NURS 3340	Public Policy and the Nation's Health (or approved Health Policy course)	
NURS 3300	Theoretical Foundations of Health Care Ethics (or approved Health Care Ethics course)	

NURS 5470	Scientific Inquiry for Evidence-based Practice	1
Course Units		5.00
Fourth Year		
Fall		
NURS 3820	Public Health Nursing Care in Communities	1.5
Select 1 course from NURS 3550-NURS 3680		1
Sector Requirement (e.g. Diversity, Universality, Justice, & Equity)		1
Sector Requirement (e.g. Exploration Course)		1
Course Units		4.50
Spring		
NURS 3900	Leadership in the Complex Healthcare System	3
NURS 3890	Research/ Inquiry-Based Service Residency	0.5
Course Units		3.50
Total Course Units		36.00

¹ Sector requirements can be taken in any order. For more information on sector requirements, refer to the BSN Handbook (<http://www.nursing.upenn.edu/student-services/resources/handbooks-forms-policies/bsn-handbook/>).

² Free electives and language requirement courses may be taken pass/fail. For more detailed information on pass/fail policies, refer to the Pass/Fail section in the BSN handbook (<http://www.nursing.upenn.edu/student-services/resources/handbooks-forms-policies/bsn-handbook/courses-exam-related-policies/#pass/fail>).

The Nursing Case Study can be taken during the junior or senior year (following completion of NURS 1640 Integrated Human Anatomy, Physiology & Physical Assessment II). Only one course is required from the case study group.

Students must consult with an academic advisor prior to making revisions to the plan of study to ensure that the necessary curricular requirements are being met and to prevent delays in academic progression.
