CURRICULUM

All Wharton single-degree undergraduate students must complete a minimum of 37 course units and meet the curricular requirements described below. Students enrolled in a coordinated dual-degree program should check with their program advisor to learn about their unique requirements. For a Wharton single-degree undergraduate student, the standard course load is 4 to 5 CUs per semester (see a sample course sequence).

The requirements of the Wharton single-degree curriculum are delineated on the academic planning worksheet. Details about these requirements are available via the links below. Students are encouraged to see an academic advisor for any questions about the requirements of their academic program.
